"Delivering Safety, Every Mile, Every Time"

Safety Priority

Safety is our top priority at our trucking company. We believe that every employee has the right to a safe and healthy workplace, and we are committed to ensuring that our operations meet the highest safety standards.

Experienced

Our trucking company is committed to providing our customers with the highest level of service and expertise. With more than 20 years of experience in the industry, we have developed a deep understanding of the unique needs and challenges that come with every job.

Partnership With More Than 50++ Companies

On Time Delivery

At our trucking company, we understand the importance of timely and reliable delivery. We know that delays can cost our customers time and money, which is why we strive to deliver every shipment on time, every time.

ABOUT US

PT. TRANS SAFELAND UTAMA (Member of **JHS System Group**) was established on June 10, 2002, as a company engaged in the business of transportation management services. Since 2002, we have carried out many activities of shipping construction goods such as piles, sheet piles, girders, container boxes, as well as heavy equipment and other construction components to various cities on the islands of Java and Sumatra. Several large concrete companies/industries and the largest concrete construction service companies in Jabodetabek currently trust us as business partners to deliver various concrete products and construction equipment to various places in Indonesia. With the work experience we have had so far and supported by trained and professional human resources and our commitment to serve wholeheartedly, we are always ready to provide the best solutions and services to customers with guaranteed safety and punctuality in every shipment of goods arrived at the destination.
